

## Velocity String Design Input

Company Name

Field / Lease Name

Well Identification

First Flowing conduit ID TVD to bottom of first conduit

Second Flowing Conduit ID TVD to bottom of second conduit

Third Flowing Conduit ID TVD to bottom of third conduit

Inner string OD (*inches*)

Gas specific gravity Oil API gravity Water specific gravity

Condensate ratio ( *bbl/mmcf*)

Flowing wellhead pressure (*psig*) Flowing wellhead temperature (*degrees F*) Bottom hole temperature (*degrees F*)

Mole fraction of Nitrogen Mole fraction of Carbon Dioxide Mole fraction of Hydrogen Sulfide

Gas rates to calculate (*up to 15*)
