

Pipe Identification

Tenaris designs and manufactures a comprehensive range of high quality products suitable for use in even the most demanding oil and gas drilling and well completion activities. At our fully-integrated manufacturing facilities, we produce seamless steel pipe from 1 1/3" to

28" (outside diameters). We also produce most steel grades, including 13 chrome and other high alloy grades.

—
NOTE: STEEL GRADE INFORMATION IS AVAILABLE AT
WWW.TENARIS.COM
